

# CoOL Science

*We make science very CoOL!*

- **Exciting Science & STEM demonstrations, workshops and directed activities** (Physics, Chemistry, Biology and more) for your school, class or after school club presented by real scientists and engineers, designed to enhance your curriculum and aligned with current state standards.

- **Day of Science** - an entire day of STEM shows & activities for your whole school!

- **Mini Day of Science** - fun & interactive demo shows for the entire school by grade level.

- **Science/STEM Nights** - fun activities for families (w/ parent & teacher volunteer training).

Donations/fees are suggested, but financial aid is available & no school is ever turned away!

Visit [www.coolscience.org](http://www.coolscience.org) or call 719-389-6431 to:

- learn more about what Cool Science can do for your students
- schedule a program for your school
- find cool experiments and resources for your classes
- sign up for our newsletter and Teacher's Mailing List (or send an email to [teachers@coolscience.org](mailto:teachers@coolscience.org))

Cool Science is a 501(c)(3) nonprofit
